

BIO

Patrick Murphy

Name and Title:

Patrick Murphy
Contract Administrator

Educational background:

High school graduate; Associates in Automotive Technology

Brief description of your experience:

After college I spent 13 years in the auto parts business in sales and management. The next 13 years I was employed by the City of Portland, Oregon as a Storekeeper / Acquisition Specialist working in their Fleet and Wastewater stores. I then worked 2 years for the City of Vancouver as a Procurement Specialist learning the construction trade until coming to the State of Idaho.

Areas of expertise:

Commodities, construction, prevailing wage, maintenance / service

Fun fact:

My wife and I are very grateful for our opportunity to move to Idaho in 2021. With moving to Idaho, we have been able to purchase a home outside of MURPHY, our backyard has access to the Bureau of Land Management ORV area (we are involved in ORV activities including preserving and protecting ORV riding areas), plus we have a wide-open view of the Owyhee Mountains from our back deck.
